

21st Century Classroom

is characterized by the smart use of space, integration of technology, collaborative stations, and student mobility.

- **Smart Use of Space:**
 - Spaces are clean and inviting.
 - Colors are bright.
 - Places to display student work
- **Integration of Technology:**
 - Laptops/IPads for independent research.
 - Smart Boards provide an easy exchange of information.
- **Collaborative Stations:**
 - Makerspace to encourage active Project Based Learning.
 - Desk grouping allows collaborative learning
- **Student Mobility:**
 - Mobile desks and chairs encourage students collaboration
 - Storage cabinets allow for free space to move
